Making a Knights Shield

What you will need

An empty cereal box/ cardboard
Scissors
Paint/Felt Tips
Glue
Baking foil/ collage materials

What to do

1. Ask your grown up to draw and cut out a simple shield shape

2. Then decorate the shield however they want using paint, felt tips or gluing and sticking foil, pictures from magazines or materials to make their own Knights shield.

Have fun! They can be whatever shape you want a decorated however you would like.

Don't forget to share photos on EEXAT!

What's in it for the children?

The children can express their own creativity using a range or media and materials. It also provides opportunity to talk about what they are doing and why.
