

Edible Chocolate Mud Recipe

You will need:

A chocolate powder desert mix.

Water or milk.

Cereal (weetabix or hoops are ideal.)

Toy Animals.

A tray or tub.

How to make:

1. Make up the desert mix to the instructions on the packet.
2. Crumble in the cereal or sponge.
3. Add the mixture to the tray.
4. Add the toys, or anything of interest to the child.

To extend play:

Add any edible ingredients you like:

For example:- hundreds and thousands or baking sprinkles.

Learning opportunities:

Develop their language and imagination skills.

Do they like the feel and different textures? Can they describe what it feels like?

To re-enact a farm scene. To develop their understanding of the world.

Provides a tactile way to retell a story.
