

## Decorate an Animal Biscuit

Can you help your child to follow these instructions?

### You will need

Biscuits (digestives work well)

Icing sugar

Spoon or child friendly knife

Food colourings eg Pink if you want to make a pig

A small amount of water

Sweets to decorate

Small marshmallows make a good pigs snout

Flat plate or surface to work on

If you would like to make your own biscuits too, look on the nursery website. There is a basic biscuit recipe from week one of Lockdown.

### Method

Place the icing sugar in a bowl slowly mix in small drops of water

You will need it to be a thick consistency

Add a tiny bit of the colour of your choice.

Mix it together

Spread the icing over the biscuit and then decorate!

Let the children experiment with different textures and shapes.

Have fun!
