

Muddy Footprints

You will need:

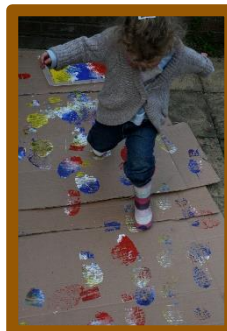

- Large piece of paper or old wallpaper
- Dark paint
- Paper plate or container to put paint in

What to do:

- Lay the paper or wallpaper on the floor.
- Carefully put a shoe or welly into the paint. Be careful as the paint will be slippery. You could even try it in bare feet.
- Make lots of patterns.

Taking it forward:

- Add in different colours of paint to make the patterns.
- Get plastic toy animals and use the different colours of paint to make patterns.

What's in it for the children?

Describing how they feel when they are in the paint using more vocabulary.
Noticing patterns they can make.
